Railroad Topics

Superintendent E. J. Gibson, of the Winslow division, was in the city yesterday from Winslow.

Delegate W. H. Andrews, the well known railroad promoter, is expected to reach Albuquerque tomorrow.

Trainmaster J. W. Lupton, of Winslow, returned home yesterday after spending the day here on business.

James Foley, chief clerk in the office of Master Mechanic M. J. Drury, at Winslow, is spending a few days with Albuquerque friends.

E. Payson Ripley, of Topeka, station inspector on the Santa Fe, arrived in the city last night and spent the day here on business.

Clyde Hopping, time keeper at the local Santa Fe shops, will leave next week for a vacation of several weeks to Denver and Colorado Springs.

Joe Weston, of the Santa Fe store-keeper's office at Needles, Cal., passed through the city last night on his way to Cleveland, Ohio, for a visit with his parents.

Train No. 2, from the west, was a minute ahead of time this morning, the first time it has been that near on time for several weeks. It was sent east as a double-header.

Engineer Byron Archibald, running between this city and Las Vegas, has returned from an extensive eastern trip, and has resumed his run on the New Mexico division of the Santa Fe, ranch.

A new steam shovel, direct from the east, passed through the city last night, consigned to the Lantry-Sharpe Construction company, at Belen. It will be used in building the Belen cut-off.

Night Yardmaster H. L. Brumbaugh of the Santa Fe at this point, accompanied by his family, returned last night from an eastern visit to New York. He will resume his duties in the local yards tonight.

J. H. Davis, a well known railroad man, who has been railroading in Mexico for the past year, is spending a few days in the city, and will probably enter the employ of the Santa Fe at this point.

Engineers Beatty, F. B. Johnson, Weeks, Miller and Rafter, and Fireman Boyer, McDermott, Hightower, Kellum and Hubbard, have been transferred from Las Vegas for temporary service on the Rio Grande division at San Marcial.

T. W. Stettin, of Topeka, Kan., assistant engineer of the Atchison, Topeka & Santa Fe railway, spent a day in the territorial capital investigating the records of the surveyor general's office, and of the land office bearing upon certain lands recently located by his company in San Miguel and Mora counties.

It has become a fad in fashionable circles in the city to take parties of friends over the country in

special cars. However, Mr. Yerkes, of New York and Chicago, will go them several better. He has chartered a special train on the Santa Fe, reaching Las Vegas on the night of the 13th inst., and going over to Santa Fe for one day, enroute to Los Angeles, Cal.

A. L. Grimshaw, traveling freight and passenger agent of the Santa Fe Central, and A. G. Barney, traveling freight and passenger agent of the Denver & Rio Grande, left Santa Fe Saturday. They are after the business of shippers in the San Luis valley in Colorado.

The Optic says: J. W. Records, acting division foreman at the Las Vegas shops during the absence of R. D. Gibbons, on a vacation trip to California, will go up to Raton and take the foremanship of the railroad shops there. Mr. Records is a competent and obliging official, but he sees to it that the boys hit the ball every time, making home runs when they can.

The railroads of the country generally have now outstanding orders for 30,000 tons of steel rails. It is reported that they are now trying to place orders for 40,000 tons additional for delivery before the end of September, but are finding great difficulty in doing so, as the mills are so clogged with orders for all kinds of material that they find it impossible to keep up with them.

Henry B. Lautz, who was recently appointed to be assistant to general manager of the Santa Fe, is said to be the youngest man in the United States in that position. Mr. Lautz is but 28 years of age. He began his railway service in Topeka as a messenger boy in the office of R. B. Gemmell, superintendent of telegraph and was later transferred to the general manager's office, and has spent his entire service in the employ of the Santa Fe railroad only.

A. E. Carver, of Denver, who was recently appointed to the position of chief of the secret service department of the Santa Fe, succeeding Tim O'Leary, resigned, has been appointed chief of the secret service department of the Rock Island, by General Manager D. E. Cain, and has accepted. It is not known who will be his successor, but rumor has it that Special Officer Ben Williams will be promoted to the position.

HALL GOING TO PENNSYLVANIA

A. W. Hall, who has filled the position of ticket agent for the Santa Fe at this point for some time past, has resigned, and left last night for a visit to his old home at McPherson, Kan. After a short visit with his parents at McPherson, Hall will visit the Portland Exposition. In September he will go east, and take a responsible position as ticket agent for the Pennsylvania railroad, in one of the big cities. Hall has been one of the most popular railway officials that ever made his home in Albuquerque, and his host of friends here can only wish him well in his new position. For the time being, Harvey Moore, of the freight office, will officiate as ticket agent.

LAS VEGAS

From the Optic.

John C. McNary, brother of Jas. G. McNary, arrived in Las Vegas this afternoon for an extended stay.

A. M. Blackwell of St. Louis, the former prominent Las Vegas, is registered at the Columbian hotel in Trinidad, Colo., en route for this city.

The foundation of the Y. M. C. A. building is almost completed and the corner stone was laid yesterday. The base of the building will be of a handsome and durable variety of white stone.

Unusually pleasant as a social affair was the dance given by the Commercial club last night. The attendance was large, quite a number of out of town guests being present. The lyric trio furnished excellent music.

The dainty lunch was served late in the evening. The dancing continued until after midnight.

F. A. Bemis, recently arrived from Albert Lea, Minn., will not await the opening of the bath house at the hot springs. He and several other persons suffering from rheumatism and other bodily ailments are plastering themselves with the curative mud at the springs and bathing in tubs provided by themselves. These people are truly health-seekers who will find that which they seek.

Col. Twitchell has received quite a number of answers to letters addressed to business men asking their opinion as to the advisability of holding a fair festival in Las Vegas. These answers are to be read before a meeting of the directors of the Driving Park & Fair association. This far every answer has been in the affirmative. Col. Twitchell expects the courtesy of an answer from every man addressed.

They are active and determined and will make a success of their entertainment.

Robert Roberts and wife of Gaum, were Gallup visitors the Fourth, says the Republican. While here, Mr. Roberts had the misfortune to break his thumb. He was assisting in catching the ponies for the broncho busting, and the rope slipped from around the horn of his saddle, whirled itself around his thumb and broke the bone. Mr. Roberts will be laid up from work for several weeks.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar he saves. In the case, he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all dealers.

The Carpenters and Joiners' union of Las Vegas, installed officers the other evening, as follows: E. L. Brinegar, president; Charles Kent, vice president; Fletcher England, financial secretary and Cross White, Recording secretary. After the installation exercises a social evening was spent together, cool, invigorating refreshments being served. The meeting was held in Woodmen hall.

Chamberlain's Colic, Cholera and Diarrhoea Remedy—The Best in Existence.

T. M. Wood, manager of the White County News, Beebe, Ark., is a representative southern business man, who does not hesitate in expressing his good opinion of a well known remedy, and says: "It gives me pleasure to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy, having used it myself and in my family with the best results. In fact I believe it to be the best remedy of the kind in existence. Sold by all dealers."

Miss Daisy Schumann, the adopted Zuni daughter of Mrs. M. E. Disette, has arrived in Santa Fe for the summer. She is accompanied by Miss A. Sarracino, of Laguna, a graduate of the Carlisle, Penn., school, who has recently taken a course in sewing at Drexel institute in Philadelphia. Both are refined and intelligent young ladies, and are very good illustrations of what the right kind of education will do for the Indian race.

Cholera Infantum.
Ruth, the little daughter of E. N. Dowsy, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by all dealers.

Quite a crowd of Springer people enjoyed the Fourth at Cimarron where the proud American Eagle screamed all day long, says the Stockman. There was dancing, horse racing and lots of entertainment for the visitors all day. There were many people there from all parts of the country.
